Executive Director's Report / Operations Director's Report 01-08-14

Monthly Activity Statistics

We received 2889 911 calls for the month of December resulting in 1515 calls for service. (See attachment).

Employee Issues / Training

We formally appointed Jeff Ruest to the position of Lead Telecommunicator. We had a very frank discussion covering all aspects of the position as well as our expectations. We look forward to blending him into the ongoing projects. EMD re-certifications are being done this month by the dispatchers online.

911 Commission / Regional Updates

The 911 Commission meeting was cancelled due to weather and re-scheduled for January 17th.

Communications Truck

Training will be completed on Wednesday and we will have taken possession of the truck as of Wednesday afternoon. We will give a brief tour of the vehicle after the Board Meeting. We did discuss during the classes the need for some guidance specifically for the departments we dispatch and work has begun on some basic guidelines. We will be working with Director Jordan to finalize the document. We will cover the truck and its capabilities at the County Meeting if the Board sees fit. We can also have the truck on display if required.

Dispatch Furniture RFP

We are going to be starting to prepare for the furniture installation Thursday evening. Most of our time this month has been spent planning and working with the various vendors to ensure a smooth install.

UConn Tower Site

No further action on the Mansfield tower site. We had to postpone a meeting but will re-schedule with Mansfield and J&S.

IT topics / Report from Systems Administrator

The Powerphone interface has been installed. We will be working with our Medical Control to review the protocols in the upcoming month.

The new furniture/remoting of computers project continues to take up considerable amounts of time. Most all components have been ordered and are arriving daily.

The VPN for the recorder, cameras etc. will be installed on Thursday.
